Framery 2Q

Not only a pod, but a full-sized meeting room

Framery 2Q meeting pod is designed for 4-6 people, making it the ideal place to co-create, brainstorm and have meetings. Our superior sound insulation and echo-free acoustics ensure that your meetings won't disturb the office – and the office noise won't disturb you.

Perfect for you

How do you work best? Choose the interior layout that best suits your needs.

Framery 2Q Huddle

Huddle up for your next team meeting!

Framery 2Q Huddle is an ideal setup for your meetings, whether everyone attending is present or some are joining remotely. Gather your team of four around a spacious table where everyone fits comfortably, laptops included! The spacious pod allows you to bring in two extra chairs and everyone to move around freely. Optimize your meetings with a screen bracket and whiteboard set on the opposite wall to ensure that everyone present, physically or virtually, shares the same vision.

Framery 2Q Lounge

Living room in your office

Framery 2Q Lounge interior layout provides a more casual environment for company meetings, a calm space to retreat to during the workday, or an area for socialization. Custom-designed Clint Sofa, large whiteboard, free-standing Piaggio table and a wall shelf make up for a functional yet relaxed setting. The adjustable airflow and lighting create a happy atmosphere to work in. Additional options include, for example, a display bracket on the wall for a TV or a booking system ready option for the door for reserving the pod.

Framery 2Q Without Furniture

Have it in your style

You can choose the Framery 2Q meeting pod without furniture, leaving you the option to furnish it the way you like. The superb sound insulation ensures you and your team total sound privacy and the adjustable airflow creates a happy atmosphere to work in. The power column is a fixed component with 3 power sockets and charging twin USB (A+C), also providing an option for a display bracket or a whiteboard. A low doorstep makes the Framery 2Q wheelchair accessible.

All electric components can be changed if there is a malfunction. Power consumption is a constant value that is determined by the power usage of the pods' internal components (electric unit, motion detector, light and fans). Framery's products can be plugged into a wall socket. The pods have their own power supplies that give 24 V DC to the lights and 12 V DC to the fans. The lights and fans are operated by a motion detector. Inside the pods, there are country-specific power outlets for charging mobile devices.
