

Summa

TABLES & DESKS

The Summa table series features excellent solutions for both individual work and teamwork. The strengths of these tables unquestionably lie in their versatile application, easy adaptability, durability and practicality. Thanks to their multi-functionality Summa is widely used in learning environments.

Summa (rectangular)

DESKS AND LECTURE TABLES

Summa series include a wide variety of rectangular table top sizes to choose. The Summa table is suitable for individual work or lecture and group arrangements. The top's depth of 70 cm works particularly well in areas where tables are used to handle large drawings or materials.

Materials and finishing

Frame Powder coated steel in ISKU standard colours

Table top Wide variety of ISKU standard table top materials

Accessories Backpack hooks, castors

Dimensions

TABLES & DESKS | TABLE TOP CHART

TOPS WITH TEAMIX CAST EDGE:

Available for Summa GA and 70x50 cm table tops.

TEAMIX CAST EDGE PROFILE:

Cast edge is molded into the table top's structure, which makes the edge seamless and tight.

Summa GA

DESKS AND LECTURE TABLES

The Summa GA classroom desk is an excellent fit for both individual and group work. Several different group work arrangements can be created with the GA desks. The legs of the desk can also be equipped with castors, which make it easy to move the desk.

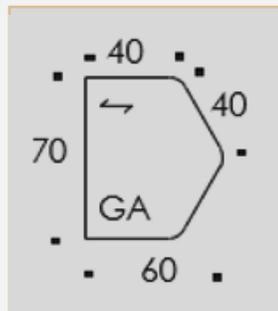

A book basket placed under the top is available as a standard accessory. The front legs can be equipped with castors to make the tables easy to move.

Summa GR

DESKS AND LECTURE TABLES

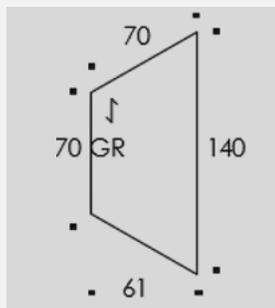

The Summa GR table uses space efficiently, thanks to its shape and size. The GR table is particularly well suited for group work areas where the tables can be combined into different kinds of group work stations. The shape of the top is one of the best features of the GR table. There is enough room to work on each side of the table.
