# BASIC INFO

<b>PRODUCT NAME</b> AREA	<b>PRODUCT CATEGORY</b> MODULAR SEATING / CHAIRS
<b>LAUNCHED</b> 2016	<b>DESIGN BY</b> IVAR GESTRANIUS & KEVIN LAHTINEN

## DESCRIPTION

Area is a modular seating system that can offer different levels of privacy whenever needed. By adding different components to a basic seat you can make almost any kind of configuration to suit your needs. You can build anything from a comfy private one-seater, to a two-seater sofa with high-back and roof, or a 99-seater (I've got 99 problems but a seat ain't one) low-back sofa. The seating system is available with castors, if you feel the need to move it around.

# SPECS / MATERIALS

Fully upholstered. Available with wooden legs in natural (matte lacquer), white pigmented or black stained Oak. Also available with black castors. Freestanding 1-seater units available with swivel base. All seat units are available with turning laptop table on either right- or left-hand side. Units are linked together with a steel connecting bracket. All Area elements can be ordered separately for creating custom configurations. Please include a drawing indicating how you want the elements to be combined when ordering custom configurations of Area.

This is a **MODULAR** product. Please include a drawing indicating how you want the modules to be combined when ordering custom configurations.

Available with multicolor upholstery. Please check our **FABRIC LIST** or **PRICE LIST** for options.
